REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: Upon a complete review of the entire written record the instant application is in condition for allowance. The prior art cited by Applicants effectively sets forth the state of the art. Particular mention is made of US Patent 4,532,598. This patent shows angled features (see Figures 1-6 of the patent). However, the claimed method of producing angled features set forth in the instant application is not shown in any of the prior art. Specifically, the rotation of the rectangular-shaped shot electron beam, either through rotation of the substrate or of the path, to obtain the angled profiles via secondary electron beam exposures.
2. The Examiner approves the proposed Drawing correction of Figure 1A.
3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Christopher G. Young whose telephone number is 571-272-1394. The examiner can normally be reached on Monday-Friday.
